Illinois Energy Conservation Advisory Council Vacancy Notice Illinois Licensed Electrical Engineer

CDB is seeking to fill a vacancy of the Illinois Energy Advisory Council. The position is for an Illinois licensed electrical engineer. The composition of the Council is defined in [71 Illinois Administrative Code 600](#).

The Illinois Energy Conservation Code is based on the International Energy Conservation Code. The purpose of the Council is to recommend Illinois specific modifications to the International Energy Conservation Code.

The nominations for appointees must come from organizations that represent engineers and/or engineering design firms and cannot come from individuals. The nominee should be an active Illinois licensed electrical engineer and have experience with the Illinois Energy Conservation Code.

To submit a nomination, please send the following information to Lisa Hennigh at Lisa.Hennigh@Illinois.gov.

1. A letter from an organization representing the engineers and/or engineering design firms nominating an individual for this position. The letter should include information about the individual and why the organization feels they are a qualified candidate.
2. A resume for the nominee.
3. A letter from the nominee explaining why they would like to be appointed to the Council and what experience/knowledge they have which makes them a good candidate.

CDB will accept submittals through August 13, 2021. All submittals will be reviewed and the CDB Executive Director will determine the appointee based on the qualifications of the candidates.

This is a non-paid position, but council members shall be reimbursed for reasonable travel expenses necessarily incurred in the performance of their duties.
