

Join the USGBC – Illinois Central IL Branch for an in-person webinar series to earn BD+C LEED Specific GBCI hours!

The USGBC-Illinois Chapter has purchased a subscription to offer USGBC's archived webinars in group settings in order to offer LEED Specific credential maintenance opportunities to our members. Throughout 2012, you will have the opportunity to earn 1.5 LEED Specific and 1.5 AIA LU|HSW|SD hours at an in-person, group webinar viewing in Springfield, IL.

This five-session webinar series focuses on the technical requirements of the LEED for New Construction and Major Renovations 2009 Rating System. Join us as USGBC LEED Faculty - both experts in LEED and skilled presenters - share personal case examples and demonstrate how credits have been successfully achieved on real LEED projects.

5/7: BD+C 252: Sustainable Sites (1.5 BD+C LEED Specific hours)

This session explores the LEED Sustainable Sites category in a credit by credit format, reviewing the overall category intent and the individual intents of the prerequisites and credits within it. Learn the technical requirements of the credits and, through real-world case examples shared by USGBC LEED Faculty, strategies that work to achieve them.

5/31: BD+C 252 – Water Efficiency & Innovation (1.5 BD+C LEED Specific hours)

This session explores two LEED credit categories, Water Efficiency and Innovation in Design, reviewing the overall category intents and the individual intents of the prerequisites and credits within it. Learn the technical requirements of the credits and, through real-world case examples shared by USGBC LEED Faculty, strategies that work to achieve them.

6/26: BD+C 252 – Energy & Atmosphere (1.5 BD+C LEED Specific hours)

This session explores the LEED Energy and Atmosphere category in a credit by credit format, reviewing the overall category intent and the individual intents of the prerequisites and credits within it. Learn the technical requirements of the credits and, through real-world case examples shared by USGBC LEED Faculty, strategies that work to achieve them.

7/19: BD+C 252 – Materials & Resources (1.5 BD+C LEED Specific hours)

This session explores the LEED Materials and Resources category in a credit by credit format, reviewing the overall category intent and the individual intents of the prerequisites and credits within it. Learn the technical requirements of the credits and, through real-world case examples shared by USGBC LEED Faculty, strategies that work to achieve them.

8/23: BD+C 252 – Indoor Environmental Quality (1.5 BD+C LEED Specific hours)

This session will explore the LEED Indoor Environmental Quality category. We will look at the overall intent of this category, as well as the individual intent of the prerequisites and credits within it. We will also discuss the requirements and verification steps necessary to achieve each credit and some real world examples of strategies used to fulfill each measure.

All Sessions: 12:00 PM - 1:30PM
Illinois Capital Development Board
William G. Stratton Building, Third Floor
401 S. Spring St., Springfield, IL 62706
