## Learn More

### Prequalification

CDB will be assisting vendors with the prequalification process. In order to be a prime contract holder with CDB, vendors must be prequalified prior to bidding or providing submittals for selection. You will need to complete the prequalification form and all required documentation.

### Registration

CDB will be assisting vendors who need to register with CDB. Registration is NOT the same as prequalification. A firm that is registered and NOT prequalified cannot contract directly with CDB. Any subcontractor, consultant or material supplier that is not required to be prequalified must be registered with CDB.
