The Illinois Beach State Park Shoreline Stabilization Community Outreach

SMITHGROUP

MICHELS[®]

Construction of a large shoreline stabilization project began in early 2023 at Illinois Beach State Park. Funded and managed by the State of Illinois Capital Development Board, the project is under the guidance of the Illinois Department of Natural Resources. The project intent is to protect the unique shoreline ecosystem and recreational assets from further erosion caused by Lake Michigan and to provide a model and research data for future Great Lakes projects.
