Partnering for Progress

The vendors forum will showcase the transformation of the Quincy Veterans' Campus and outline the timeframe for the upcoming design-build request for proposal. Companies interested in leading a design-build team are encouraged to join us as an exhibitor at this event to network with interested companies.

**Friday, October 4, 2019
10am-12pm**

Southern Illinois University Edwardsville
Morris University Center, Conference Center
60 Hairpin Drive
Edwardsville, Illinois 62026

**Wednesday, October 9, 2019
10am-12pm**

SeatGeek STADIUM
7000 S. Harlem Avenue
Bridgeview, Illinois 60455

This event will be held in two locations to gain attendance from vendors throughout the state. Contractors and architect/engineers interested in leading a team are encouraged to host a booth to provide information on your company as well as have the opportunity to meet with subcontractors and subconsultants for building your team. The exhibit area is a unique opportunity to personally connect with other companies and increase your visibility and opportunities for partnering. Being an exhibitor is voluntary and does not signify an obligation to bid on the project, nor is it required to bid on the project. Participation in the forum will not be considered in the design-build selection process. There is no fee for exhibitors and one registration will allow you to sign up as a participant as well as a vendor.

**Advanced registration is requested to ensure availability of space and materials.
