After the ECMs are installed, the operational and energy cost savings shall be documented on an annual basis (either by the Provider or the District), and the District shall designate and appropriate that amount for an annual payment of the contract. If the annual energy savings are less than projected under the contract, the Provider shall pay the difference.

B. Payment and Performance Bonds: The qualified provider must submit to the Board payment and performance bonds in the amount of 100% of the construction costs. (the "Act"), in carrying out the work. The Department of Labor wage rates are available on the Department's official website. Provider shall have the sole responsibility and duty to ensure that the revised prevailing rate of hourly wages is paid by Provider and all subcontractors to each worker to whom a revised rate is applicable; however, in no event shall the increase in any prevailing rate of hourly wages be a basis for a change order or other claim for an increase in the contract sum. Further, the Provider shall comply with the Illinois Human Rights Act, 775 ILCS 5/1-101 et seq. and the provision of sexual harassment policies and procedures pursuant to Section 2-105 of that Act, including the regulations attached hereto as Exhibit A. The Provider further warrants that the Work will conform to the requirements of the Contract Documents and will be free from faults and defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements shall be considered defective. The warranty will not be affected by the specification of any product or procedure unless the Provider objects promptly to such product or procedure and advises the District of possible substitute products or procedures which will not affect the warranty. This warranty shall not be restricted by the limitations of any manufacturer's warranty. Inability or refusal of the subcontractor or supplier responsible for the defective work to correct such work shall not excuse the Provider from performing under the warranty.

F. Consequential Damages: The District shall not waive any claims for consequential damages arising out of or relating to this Contract; however, Provider shall waive any and all claims for consequential damages arising out of or relating to this Contract.

G. Indemnification: To the fullest extent permitted by law the Provider waives any right of contribution against and shall indemnify and hold harmless the District, the District's individual board members, agents, consultants and employees from and against all claims, damages, losses and expenses (including but not limited to personal injury, property damage (real and personal) and loss of use of property), including but not limited to attorneys' fees, court costs and expert witness fees arising out of, relating to, resulting from or in connection with (1) any act or omission of Provider, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder, or (2) any breach of the Contract Documents. Such obligations shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity or contribution which would otherwise exist as to any party or person described in the Contract Documents.

In any and all claims by an employee of Provider, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligations in the Contract Documents shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Provider or any subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts. Provider and every subcontractor agree to assume the entire liability for all personal injury claims suffered by their own employees allegedly injured on the Project and waive any limitation of liability defense based on workers' compensation acts, or interpretations thereof, against claims by the District for indemnification or contribution, and further agree to indemnify and defend the District and its individual board members, agents and employees and consultants (Indemnitees) from and against all such claims, damages, losses and expenses, including reasonable attorneys' fees, that the Indemnitee's may sustain as a result of such claims, except to the extent that Illinois law prohibits indemnity for the Indemnitee's own negligence, and further agree to pay any contribution appropriate for Provider's and subcontractors' own negligence. Provider shall

ensure that this provision is inserted in every contract between Provider and subcontractors. If such provision is not contained within a subcontractor contract, or if a subcontractor's insurance does not cover or is insufficient to pay such claims, Provider shall assume all subcontractor liability for such indemnification of or contribution to the District.

EXHIBIT A

[NOTE: Illinois law requires that this statement be included in all Illinois bids and public contracts (See 44 Ill. Adm. Code 1120.2570)] The following provisions are included in this Contract pursuant to the requirements of the regulations of the Illinois Department of Human Rights, Title 44, Part 750, of the Illinois Administrative Code, and Provider shall be required to comply with these provisions. As required by Illinois law, in the event of the Provider's non-compliance with the provisions of this Equal Employment Opportunity Clause, the Illinois Human Rights Act or the Rules and Regulations of the Illinois Department of Human Rights ("Department"), the Provider may be declared ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and the contract may be canceled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulations. During the performance of this contract, the Provider agrees as follows:

A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, marital status, order of protection status, national origin or ancestry, age, citizenship status, physical or mental handicap or disability unrelated to ability, military status or an unfavorable discharge from military service, or arrest record status; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

B. That, if it hires additional employees in order to perform this contract or any portion thereof, it will determine the availability (in accordance with the Department's Rules) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, sexual orientation, marital status, order of protection status, national origin or ancestry, age, citizenship status, physical or mental handicap or disability unrelated to ability, military status or an unfavorable discharge from military service, or arrest record status.

D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Provider's obligation under the Illinois Human Rights Act and the Department's Rules. If any such labor organization or representative fails or refuses to cooperate with the Provider in its efforts to comply with such Act and Rules, the Provider will promptly notify the Department and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligation thereunder.

E. That it will submit reports as required by the Department's Rules, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules.

F. That it will permit access to all relevant books, records, accounts, and work sites by personnel of the contracting agency and the Department for purposes of investigation to ascertain compliance with Illinois Human Rights Act and the Department's Rules.

G. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the Provider will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Provider will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.
