2. Provide a list and describe in detail the specifications required to satisfy the need:

Contract needs to be reestablished to complete work and pay the Plumbing Contractor and subcontractors for work completed.

3. Provide detail explaining the justification selected in Section IV to explain why the requested supplies or services are the only ones available that can satisfy the agency or university requirements?

Plumbing Contractor has previously established contract that expired, new contract needed to keep warranties valid after completion.

4. What are the unique features of the supplies or services that are not available in any other product or by any other vendor? Provide specific quantifiable factors/qualifications:

Plumbing Contractor has the warranties and subcontractor contracts to complete this project as originally intended.

5. Has the Agency or University considered alternative supplies or services to satisfy their need? ☐ Yes ☒ No

5a. If no, why weren't alternatives evaluated?

Contractor holds warranty for work and materials completed.

6. Are there resellers or distributors?

☐ Yes ☐ No ☒ N/A

7. What efforts were made to get the best possible price (i.e. did the agency/university negotiate) and how did you determine the price for this purchase is considered fair and reasonable?

Project was originally competitively bid to the general public, and Plumbing Contractor was determined to be the low, responsive bidder.

8. Will this purchase obligate the State to this vendor for future purchases such as maintenance, licensing or continuing need?

☐ Yes ☒ No

9. What will be the financial or other impact to the State if this sole source is not approved and a competitive bid is required?

Project will remain stopped, and Plumbing installation will remain incomplete which may lead to damage if the contractor is not under contract to maintain site.

10. Is there any additional information you would like to add to justify this sole source?

RFPCO P-011 was generated and attempted to extend this contract, but was not submitted prior to the contract expiration date of 9/23/24. The completion of the Plumbing Contractor's scope of work is imperative for the completion of the project.
