9						
10						

If more than 10, or if other comments, explain:

### Section VI - Business Rationale

1. Provide a detailed explanation of the need for the supplies or services:

The need is to filter the water to remove the corrosive materials from the water system.

2. Provide a list and describe in detail the specifications required to satisfy the need:

Complete the installation of filtration system in 9 buildings and complete the new pump house build out in Prince Hall.

3. Provide detail explaining the justification selected in Section IV to explain why the requested supplies or services are the only ones available that can satisfy the agency or university requirements?

Contractor has the warranties pending the completion of the installation.

4. What are the unique features of the supplies or services that are not available in any other product or by any other vendor? Provide specific quantifiable factors/qualifications:

The unique qualifications this vendor possesses is the knowledge of existing environment of 9 buildings, the pump house, and filtration equipment installed and not started equipment.

5. Has the Agency or University considered alternative supplies or services to satisfy their need?  Yes  No

5a. If no, why weren't alternatives evaluated?

Other contractors can not complete the warranties requirements of the existing equipment from manufacturers because they did not purchase the equipment. The new contractor(s) would have to purchase equipment as start-over.

6. Are there resellers or distributors?

Yes  No  N/A

Requesting Agency/University

Capital Development Board

7. What efforts were made to get the best possible price (i.e. did the agency/university negotiate) and how did you determine the price for this purchase is considered fair and reasonable?

The effort was made by having the A/E of record review the cost estimate provide by the contractor . This was checked crossed from the original emergency. The A/E team reviewed the new cost and found it as in-line.

8. Will this purchase obligate the State to this vendor for future purchases such as maintenance, licensing or continuing need?

Yes  No

9. What will be the financial or other impact to the State if this sole source is not approved and a competitive bid is required?

The current conditions on site will continue to advance the corrosiveness elements in the water system. This deterioration will be continue destroy equipment.

10. Is there any additional information you would like to add to justify this sole source?

The facility continue to experience equipment failure because of the water quality. The completion of the filtration system with remove corrosives materials from the water system.
