for

*Illinois Department of Transportation
Rail Splitter North/South Safety Rest Areas
Sangamon County, Illinois
Project Number: 630-428-003*

CALL TO ARTISTS

The Art-in-Architecture Program of the Capital Development Board is pleased to announce a Request for Qualifications (RFQ) to Illinois professional artists to create permanent original public art for the Illinois Department of Transportation (IDOT) Rail Splitter North/Southbound Safety Rest Areas in Sangamon County, Illinois.

Final Deadline: Friday, June 14, 2024

3:00 P.M.

APPLYING BEFORE THE FINAL DEADLINE IS ENCOURAGED.

ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

- An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. All artists on a team must be from Illinois.
- Subcontractors may be used and are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.
- Faculty and staff of IDOT are not eligible to apply for this commission.

[Illinois Department of Transportation, Rail Splitter Rest Area.](#)

Built in 1963, the Rail Splitter Safety Rest Areas, located just north of Springfield, were the first interstate highway rest areas in Illinois. With the advent of the interstate highway system, rest areas became part of the cultural landscape—a piece of our national heritage—providing a sense of place and identity for the region in which they stand.

The new Rail Splitter Safety Rest Areas will honor Illinois Department of Transportation's significant contributions in interstate highway design and construction by preserving and restoring these historic landmarks. The dramatic concrete canopies, an architectural innovation of the time, will remain a beacon for travelers—a tribute to mid-century architecture and engineering. The spacious Rest Areas will welcome travelers by offering a beautiful landscape, innovative design, and a connection to Illinois history.

ARTWORK SITE AND OBJECTIVES

The commissioned artwork will be located on the left side of the North and Southbound Rest Areas. Incoming travelers will have direct view of the work as they approach the buildings. The artwork must be visually engaging and should honor the legacy of Illinois's contributions to interstate design and development. Please view the plans and renderings on [pages 7-10](#).

The artwork must be durable and safe with limited annual maintenance. The artwork must meet regulations of the Americans with Disabilities Act and the Illinois Accessibility Code.

BUDGET DETAILS

The budget for the project is \$64,000.

This budget covers all expenses associated with, but not limited to the project design, labor, fabrication, project management, materials, tools, contracted services, operations and meetings, and travel required to complete the artwork plus installation, related permits, licenses, taxes and insurance, and transportation and delivery of the work to the site, as well as documentation of the completed project. Any expense that exceeds the contracted amount will be the artist's responsibility.

The artist is responsible for working with the Capital Development Board Art-in-Architecture Program, the using agency, and other relevant partners to oversee all aspects of the art installation.

SELECTION PROCESS

At least three artists/teams will be selected from the pool of eligible applicants and paid a fee of \$1,500 each to develop and present a site specific proposal.

Correspondence will be sent to the selected artists/teams with details of the proposal process and contracts.

Do not send a proposal unless you have been contacted by the Art-in-Architecture Coordinator.

LEGAL AGREEMENT

The Capital Development Board Art-in-Architecture Program reserves the right to alter any aspect of the selection process or overall project in any way for its own convenience at any time. This Request for Qualifications does not constitute either an expressed or implied contract and these provisions are subject to change.

ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board “shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and used by the public for purchase and placement of suitable works of art in such public buildings.” A committee including art professionals and the project architect, and oversees each project and selects the artwork.

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit the [AIA Program website](#).
