Lincoln's ChalleNGe Academy

Rantoul, Illinois

Project Number: 546-282-003

CALL TO ARTISTS

The Art-in-Architecture Program of the Capital Development Board is pleased to announce a Request for Qualifications (RFQ) to Illinois professional artists to create permanent original public art for the Department of Military Affairs Lincoln's ChalleNGe Academy (LCA) in Rantoul, Illinois.

Deadline: Friday, June 9, 2017
4:30 P.M.

ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

- An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. All artists on a team must be from Illinois.
- Subcontractors may be used and are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.
- Faculty, instructors, and staff of the Department of Military Affairs are not eligible to apply for this commission.

PROJECT SUMMARY

Lincoln's ChalleNGe Academy is an investment in the future of Illinois communities. It currently operates out of various buildings on the former Chanute Air Force Base in Rantoul, Illinois.

In 1993 Congress provided funding for the National Guard to conduct a pilot youth intervention program to determine if life coping skills and employability of a high school dropout could be significantly improved through participation in a life skills program using a military model. In twenty-one years of operation the program has become immensely popular and has provided thousands of "at-risk" young men and women in Illinois with a new start. They are disciplined, accomplished, and on the road to becoming successful and contributing members of society and their community.

The LCA project will construct approximately 136,000 square feet of new space. Demolition of an existing building will precede the construction of three separate buildings: a 17,000-square-foot education building, an 89,000-square-foot administration/residential building, and a 26,000-square-foot gymnasium/logistics building.

ARTISTIC OBJECTIVES/PROJECT SITE/BUDGET

The Committee is seeking two pieces for this project. Artwork for both sites may be commissioned from one artist/artist team or two artists/artist teams.

The artist will work closely with the project architect on placement of the artwork(s) so that the piece(s) interact visually with the buildings.

The pieces must be durable, safe, and be able to withstand long-term exposure to the extremes of the Illinois climate.

A memorial already on campus and that will remain honors students and faculty who have passed away. It is built in three sections. The tallest portion, in the center, lists the names of graduates who have been killed in action. On the left are the names of cadets who have died. On the right are the names of staff members who have died.

Administration Building--a four-story, 89,000 administration/residential building that houses offices, classrooms, cadet units, a commercial kitchen and dining areas, and laundry rooms.

The Committee is seeking a dignified, timeless, free-standing, piece near the entry area that embodies the eight Core Components of the LCA:

- Academic Excellence
- Life Coping Skills
- Job Skills
- Health and Hygiene
- Responsible Citizenship
- Service to the Community
- Leadership/Followership
- Physical Fitness

Budget: \$120,000.00

Education Building--a two-story, 17,000 square-foot building that houses classrooms, computer labs, and a library.

The committee is seeking a piece that uses Abraham Lincoln to communicate the importance of, and the LCA's commitment to, education. This piece will be near the front of the Education Building.

Budget: \$58,000.00

ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board "shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and

used by the public for purchase and placement of suitable works of art in such public buildings.” A committee including art professionals and the project architect oversees each project and selects the artwork.

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit www.illinois.gov/cdb/services/art.
