Art-in-Architecture

Request for Qualifications

Parkland College

Student Services Center

Champaign, Illinois

Project Number: 810-074-017

CALL TO ARTISTS

The Art-in-Architecture (AIA) Program of the Capital Development Board (CDB) is pleased to announce a Request for Qualifications to Illinois professional artists to create permanent original public art for the Student Services Center at Parkland College in Champaign, Illinois.

Deadline: Friday, June 28, 2013
4:30 P.M.

ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. All artists on a team must be from Illinois.

Subcontractors may be used but are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.

Faculty, instructors, and staff of Parkland College as well as degree-seeking fine art students are not eligible to apply.

The *Art-in-Architecture Policy and Procedure Manual* that explains the AIA Program in detail can be found at www2.illinois.gov/cdb/services/art/Documents/AIA%20Policy%20and%20Procedure%20Manual.pdf. Additional information available on the website includes an AIA Fact Sheet, contract templates, and other open RFQs.

PROJECT SUMMARY

Parkland College is a fully accredited, public community college established to serve the needs of District 505, the third largest community college district in Illinois. Parkland College enrolls approximately 18,000 students annually. Built on 255 acres of landscaped grounds in Champaign, Illinois, the beautiful, quiet campus is centrally located and accessible to all 54 communities in the district.

A new \$28 million Student Services Center currently is under construction and will be the new "front door" for the College. Find more information about the construction project at your.parkland.edu/construction-update/sscenter.aspx.

ARTISTIC OBJECTIVES

The committee is interested in an interior statement piece, pieces, or permanent installation for the space. They have no preferred theme, media or format. The piece must be durable, safe, and cost effective to maintain.

PROJECT SITE

The Student Services Center will provide a visual and functional welcome to campus students and visitors. The 113,000-square-foot building will house a new student lounge, bookstore, food service, meeting spaces and offices for advising, student groups and other units. Student services that are currently dispersed throughout the campus will be consolidated into the space. It will also be a gathering place as it includes meeting spaces that can be modified in size depending on the student group's needs.

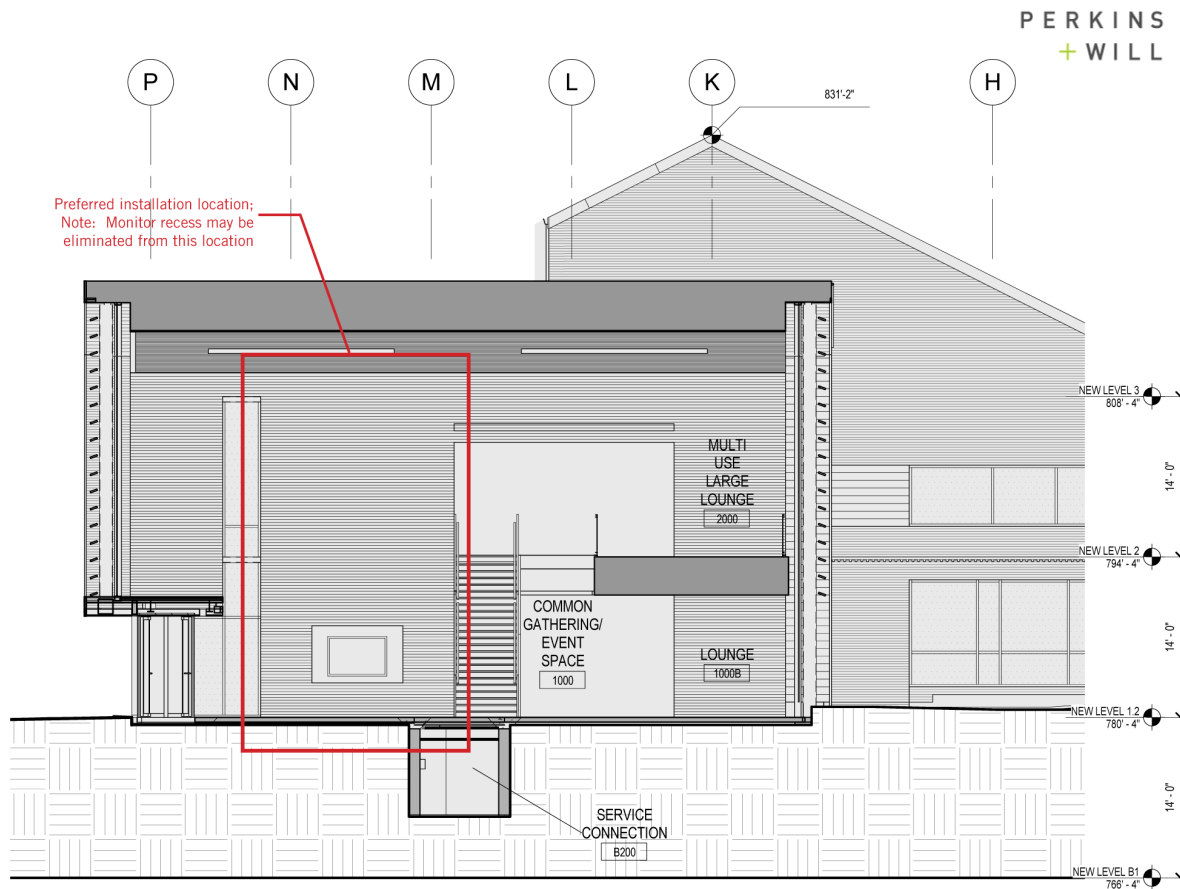

The artwork will be located in the light-filled, airy, and open space of the entry pavilion. It will greet and welcome all campus visitors. The 17' x 30' area identified for art is shown below and in more detail in the attached plans and renderings.

BUDGET DETAILS

The budget for the project is \$77,210.00.

This budget covers all expenses associated with, but not limited to the design proposals, project design, labor, fabrication, project management, materials, tools, contracted services, operations and meetings, and travel required to complete the artwork plus installation, related permits, licenses, taxes and insurance, and transportation and delivery of the work to the site, as well as documentation of the completed project. Any expense that exceeds the contracted amount will be the artist's responsibility.

The artist is responsible for working with the Capital Development Board Art-in-Architecture Program, the using agency, and other relevant partners to oversee all aspects of the art installation.

SELECTION PROCESS

At least three artists/teams will be selected from the pool of eligible artists/teams and paid a fee of \$1,500.00 each to develop and present site specific proposals.

The artists/teams selected to provide proposals will be announced on the website. Letters will also be sent to the selected artists/teams with details of the proposal process and contracts.

Do not send a proposal unless you have been contacted by the Art-in-Architecture Coordinator.

LEGAL AGREEMENT

The Capital Development Board Art-in-Architecture Program reserves the right to alter any aspect of the selection process or overall project in any way for its own convenience at any time. This Request for Qualifications does not constitute either an expressed or implied contract and these provisions are subject to change.

CERTIFICATIONS AND DISCLOSURES

Board of Elections Certification

Under the Illinois Procurement Code you may be required to register as a business entity with the State Board of Elections (SBE). If an artist has existing contracts, has a contract for a design proposal on a project not yet awarded, or has a combination of existing contracts or proposals that in total will exceed \$50,000 with the state of Illinois, the artist is required to register with the SBE. You must register electronically by going to BEREP.elections.il.gov. You cannot register by mail, e-mail, or telephone.

ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board "shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and used by the public for purchase and placement of suitable works of art in such public buildings." A

committee of artists, art professionals, architects, and community representatives oversees each project and selects the artwork.

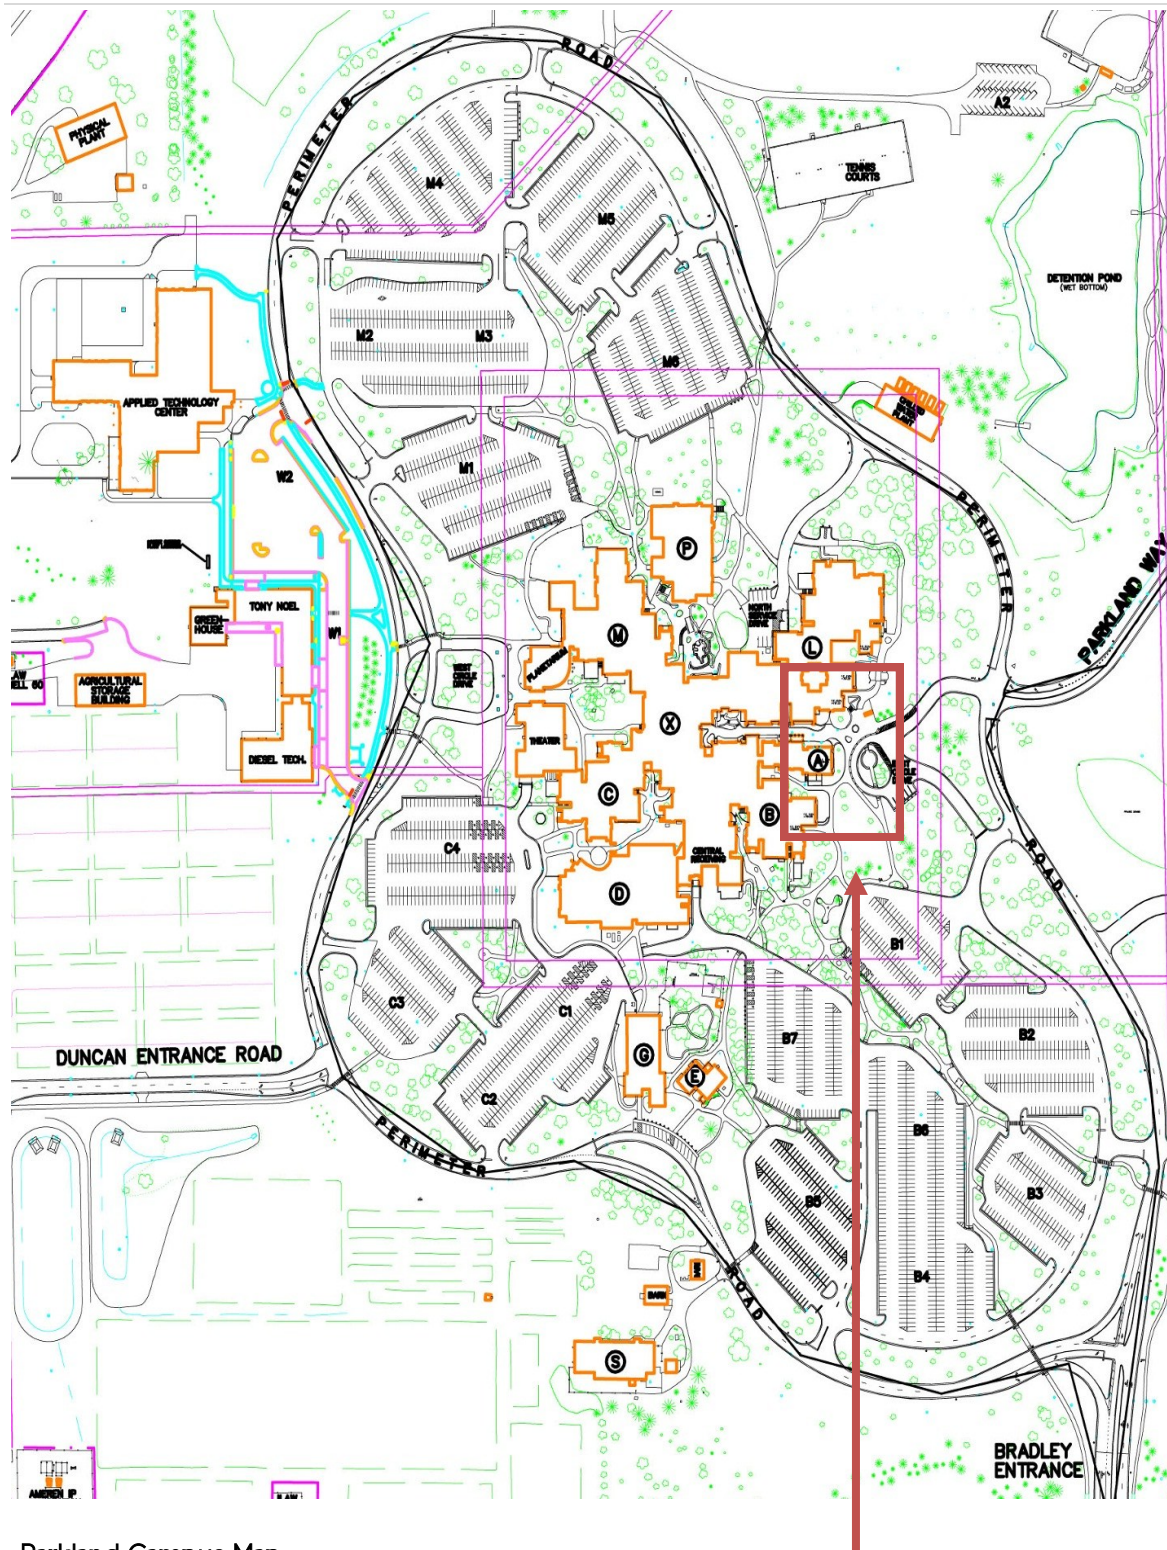

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit www2.illinois.gov/cdb/services/art.
