## CALL TO ARTISTS

The Art-in-Architecture Program of the Capital Development Board is pleased to announce a Request for Qualifications (RFQ) to Illinois professional artists to create permanent original public art for Rock Valley College in Rockford, Illinois.

**Deadline:** Friday, April 28, 2017  
4:30 P.M.

## ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

- An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. *All artists on a team must be from Illinois.*
- Subcontractors from out of state may be used and are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.
- Faculty, instructors, and staff of Rock Valley College are not eligible to apply for this commission.

## PROJECT SUMMARY

Rock Valley College is expanding and renovating Classroom Building I (CLI), one of the oldest buildings on campus. The circa-1969 building is slated to reopen in fall 2017.

The new building will feature seven 40-seat classrooms to provide larger, more user friendly spaces for instructors and students and support for newer technology. CLI is home to a host of general education studies, from english and history classes to economics and political science.

The project will be seeking LEED® Gold certification. Rock Valley College is committed to become a leader in both academic programs and operational practices that model the sustainable use of resources.

## ARTISTIC OBJECTIVES

The selection committee is interested in an exterior statement piece, pieces, or permanent installation that will speak to the Rock Valley College community and its mission and values. Several themes have been identified that may serve to guide the artist.

The first is the College's unwavering commitment to sustainability. It strives to promote and support the integration of Rock Valley College's sustainability core values into all aspects of learning within

the college and throughout our community.” For more information about the Rock Valley College sustainability program please visit [www.rockvalleycollege.edu/About/Sustainability](http://www.rockvalleycollege.edu/About/Sustainability).

The second is the history of the Rockford area. As the manufacturing center of Illinois, the fabrication of heavy equipment, tools, automotive, aerospace, and healthcare industries has helped shape the College and its community.

The piece must be durable, safe, and be able to withstand long-term exposure to the extremes of the Illinois climate.

## PROJECT SITE

The artwork will be located between CLI and the Jacobs Math and Science Building. It is near Spring Creek that meanders through campus on its way to the Rock River. See pages 7–9 for more site information.

## BUDGET DETAILS

The budget for the project is \$46,000.00

This budget covers all expenses associated with, but not limited to the project design, labor, fabrication, project management, materials, tools, contracted services, operations and meetings, and travel required to complete the artwork plus installation, related permits, licenses, taxes and insurance, and transportation and delivery of the work to the site, as well as documentation of the completed project. Any expense that exceeds the contracted amount will be the artist's responsibility.

The artist is responsible for working with the Capital Development Board Art-in-Architecture Program, the using agency, and other relevant partners to oversee all aspects of the art installation.

## SELECTION PROCESS

At least three artists/teams will be selected from the pool of eligible artists/teams and paid a fee of \$1,000.00 each to develop and present site specific proposals.

Letters will be sent to the selected artists/teams with details of the proposal process and contracts.

*Do not send a proposal unless you have been contacted by the Art-in-Architecture Coordinator.*

## LEGAL AGREEMENT

The Capital Development Board Art-in-Architecture Program reserves the right to alter any aspect of the selection process or overall project in any way for its own convenience at any time. This Request for Qualifications does not constitute either an expressed or implied contract and these provisions are subject to change.

## ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board "shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and used by the public for purchase and placement of suitable works of art in such public buildings." A committee including art professionals and the project architect, and oversees each project and selects the artwork.

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit [www.illinois.gov/cdb/services/art](http://www.illinois.gov/cdb/services/art).
