## CALL TO ARTISTS

The Art-in-Architecture Program of the Capital Development Board is pleased to announce a Request for Qualifications (RFQ) to Illinois professional artists to create permanent original public art for the Multi-Purpose Building at Spoon River College in Canton, Illinois.

**Deadline:** Friday, June 5, 2015  
4:30 P.M.

## ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

- An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. All artists on a team must be from Illinois.
- Subcontractors may be used and are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.
- Faculty, instructors, and staff of Spoon River College are not eligible to apply for this commission.

## PROJECT SUMMARY

Spoon River College is four miles from Canton, Illinois. It serves portions of Schuyler, McDonough, Mason and Knox Counties in west-central Illinois. The 160-acre campus features the Spoon River College Arboretum, a ten-acre tract of native trees and trails on the northern edge of the campus.

The construction project is the addition of a 27,200 square foot multi-purpose building that includes a gymnasium, locker rooms, fitness center for students and staff, offices, and additional space for community events. The building will have energy efficiencies including natural lighting and geothermal to qualify it for LEED Silver Certification.

## ARTISTIC OBJECTIVES

The committee is interested in an interior statement piece, pieces, or permanent installation.

It would like to acknowledge the Spoon River, the defining feature that weaves through the rolling

topography of the area. The Spoon River not only shapes the topography and natural history of the area but helps define 12,000 years of human experience in the Illinois River Valley.

In order for the piece to be durable, safe, and cost effective to maintain, media selections will be limited to fade-resistant materials such as plastics, metals, glass, stone, wood, brick, and tile. Soft materials subject to fading such as textiles and paper are not suitable for the southwest facing environment.

## PROJECT SITE

The artwork will be located in the light-filled, airy, and open space of the entry vestibule. It will greet and welcome campus visitors.

The 8' x 16' area identified for art is shown below and in more detail in the attached plans and renderings.

## BUDGET DETAILS

The budget for the project is \$17,500.00

This budget covers all expenses associated with, but not limited to the project design, labor, fabrication, project management, materials, tools, contracted services, operations and meetings, and travel required to complete the artwork plus installation, related permits, licenses, taxes and insurance, and transportation and delivery of the work to the site, as well as documentation of the completed project. Any expense that exceeds the contracted amount will be the artist's responsibility.

The artist is responsible for working with the Capital Development Board Art-in-Architecture Program, the using agency, and other relevant partners to oversee all aspects of the art installation.

## SELECTION PROCESS

At least three artists/teams will be selected from the pool of eligible artists/teams and paid a fee of \$500.00 each to develop and present site specific proposals.

Letters will be sent to the selected artists/teams with details of the proposal process and contracts.

*Do not send a proposal unless you have been contacted by the Art-in-Architecture Coordinator.*

## LEGAL AGREEMENT

The Capital Development Board Art-in-Architecture Program reserves the right to alter any aspect of the selection process or overall project in any way for its own convenience at any time. This Request for Qualifications does not constitute either an expressed or implied contract and these provisions are subject to change.

## ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board "shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and used by the public for purchase and placement of suitable works of art in such public buildings." A committee including art professionals and the project architect, and oversees each project and selects the artwork.

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit [www.illinois.gov/cdb/services/art](http://www.illinois.gov/cdb/services/art).
