Project Number: 810-010-005

CALL TO ARTISTS

The Art-in-Architecture Program of the Capital Development Board is pleased to announce a Request for Qualifications (RFQ) to Illinois professional artists to create permanent original public art for the McKeon Student Services Building at Truman City College in Chicago, Illinois.

Final Deadline: Friday, January 18, 2019

4:30 P.M.

APPLICATION BEFORE THE FINAL DEADLINE IS HIGHLY ENCOURAGED.

ELIGIBILITY

These public art commissions and potential purchases are open to all professional artists, artisans, or artist-led teams *that live and work in the state of Illinois*.

- An artist/artisan is defined as a skilled practitioner that generates designs and concepts for creative works that reflect form, beauty, and aesthetic perception. All artists on a team must be from Illinois.
- Subcontractors may be used and are defined as those providing technical implementation such as construction, fabrication, and/or assembly for portions or all of a finished product under direct supervision and control of an artist.
- Faculty, instructors, and staff of Truman City College are not eligible to apply for this commission.

PROJECT SUMMARY

The McKeon Student Services Building and 349,000-square-foot multi-level parking garage at Truman College adds 1,107 much-needed parking spaces to the small urban campus. The first level of the building is the 75,600 square foot Student Services Center. It houses the offices for the bursar and dean, the registrar, financial aid and student activities. Designed to be sensitive to the surrounding neighborhood, the building is four stories high adjacent to the surrounding residences and seven stories high along the site's eastern edge. A seven-story sloping glass facade marks the building's main entrance.

ARTISTIC OBJECTIVES

The committee is interested in a statement piece, pieces, or permanent installation for the exterior of the McKeon Student Services Building. They have no preferred theme, media or format. The piece(s) must be durable, safe, and be able to withstand long-term exposure to the extremes of the Illinois

climate.

PROJECT SITE

The McKeon Student Services Building provides a visual welcome to campus students and visitors. The building consolidates all student services; registration, advising, testing, financial aid, veteran's center under one roof. It is also a gathering place for students to study and meet.

The college desires an outdoor work of art or sculpture for the bricked courtyard area immediately to the north of the McKeon building, between the McKeon building lobby and the main Wilson Avenue building.

BUDGET DETAILS

The budget for the project is \$66,000.00.

This budget covers all expenses associated with, but not limited to the project design, labor, fabrication, project management, materials, tools, contracted services, operations and meetings, and travel required to complete the artwork plus installation, related permits, licenses, taxes and insurance, and transportation and delivery of the work to the site, as well as documentation of the completed project. Any expense that exceeds the contracted amount will be the artist's responsibility.

The artist is responsible for working with the Capital Development Board Art-in-Architecture Program, the using agency, and other relevant partners to oversee all aspects of the art installation.

SELECTION PROCESS

At least three artists/teams will be selected from the pool of eligible artists/teams and paid a fee of \$1,500.00 each to develop and present site specific proposals.

Letters will be sent to the selected artists/teams with details of the proposal process and contracts.

Do not send a proposal unless you have been contacted by the Art-in-Architecture Coordinator.

LEGAL AGREEMENT

The Capital Development Board Art-in-Architecture Program reserves the right to alter any aspect of the selection process or overall project in any way for its own convenience at any time. This Request for Qualifications does not constitute either an expressed or implied contract and these provisions are subject to change.

ABOUT THE ART-IN-ARCHITECTURE PROGRAM

The Illinois Art-in-Architecture Program promotes and preserves Illinois art and enriches communities by commissioning original artwork for public buildings constructed with State funds.

The enabling legislation for the Program requires that the Capital Development Board "shall set aside 1/2 of 1 percent of the amount authorized and appropriated for construction or reconstruction of each public building financed in whole or in part by State funds and generally accessible to and used by the public for purchase and placement of suitable works of art in such public buildings." A committee including art professionals and the project architect, and oversees each project and selects the artwork.

Since its inception in 1977, the Art-in-Architecture Program has purchased or commissioned works of art by Illinois artists for public display throughout Illinois. For more information visit www.illinois.gov/cdb/services/art.
