

# Capital Needs Assessment Survey Results

December, 2012

State of Illinois, Pat Quinn  
Governor

**Public Act 93-0489 requires the Illinois State Board of Education (ISBE) and the Capital Development Board (CDB) to file a comprehensive assessment report of the capital needs of all school districts to the General Assembly every two years. In an effort to compile this assessment needs report, the two agencies requested that all school districts complete and submit a Capital Needs Assessment Survey. ISBE and CDB thank the Regional Offices of Education for their assistance in gathering the data.**

## Overview

Responses were submitted by 385 elementary, secondary and unit school districts who reported over \$7 billion of capital needs for new schools, building additions, and general repair work for the next two years. Significant findings of the survey include:

Over \$1.2 billion is needed to build 61 new school buildings.

Over \$5.7 billion is needed for overall general repair and remodeling projects.

To ease overcrowding, districts are using 427 temporary classrooms.

Of the overall general repair and remodeling needs, over \$3 billion is needed for Health/Life Safety work.

Over \$371 million is needed for 92 building additions.

28 school districts report they are either a candidate for or are considering consolidation.

236 additional classrooms are needed for Pre-Kindergarten classes.

293 additional classrooms are needed for Kindergarten classes.

**VI. Consolidation:** Is this district a candidate or considering consolidation? Yes  28 No  347

**VII. Bonding power:** Will this district need to exceed its general obligation debt limit to finance the construction projected for the next 2 years?

Does the District provide full-day Pre-Kindergarten Classes? Yes  50 No  325

Does the District provide full-day Kindergarten Classes? Yes  48 No  217

Does the District need additional classrooms to provide this instruction? Yes  281 No  84

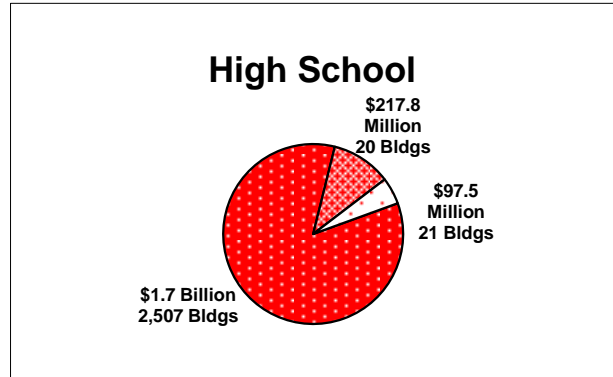

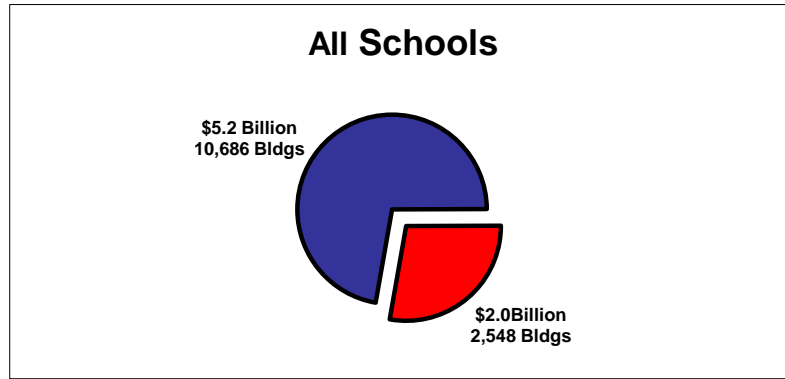

If Yes, how many additional Pre-Kindergarten classrooms are needed?  Yes  89 No  270

If Yes, how many additional Kindergarten classrooms are needed?  (Insert # of PK Classrooms)

(Insert # of Kdg. Classrooms)

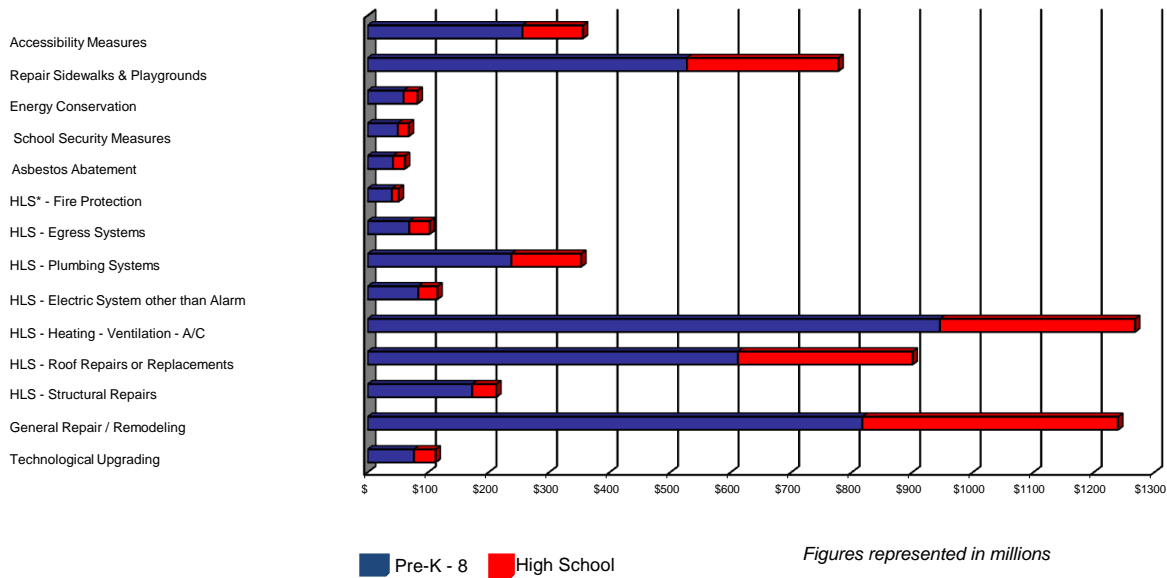

\*HLS denotes Health/Life and Safety

# Capital Needs Through January 2014

## General Renovation and Repair

The estimated need for General Renovation and Repair work is graphically represented in the bar chart below. These needs are projected within the next two years, and are over and above the work in progress through 2010.

## Overview of Needs and Resources

The Illinois State Board of Education and the Capital Development Board conducted the first Capital Needs Assessment Survey in 2004. Of the 690 districts responding to the survey, that estimated need was \$6.7 billion. The current survey shows an estimated capital needs of \$7.2 billion with 385 school districts responding, an \$18.9 million average per district.

<b>Survey Year</b>	<b>No. of Respondents</b>	<b>Estimated Need (Billions)</b>	<b>Average Per District (Millions)</b>
2005	690	\$6.7	\$9.7
2007	450	\$8.2	\$18.2
2009	456	\$7.6	\$16.6
2011	618	\$9.9	\$16.1
2013	385	\$7.2	\$18.9

## Temporary Units

Districts use temporary-modular or manufactured unit facilities to provide classrooms for their students when their school building's capacity is not sufficient to accommodate their student's enrollment. To ease overcrowding, reporting districts are using 427 temporary classrooms.

## Pre-Kindergarten and Kindergarten Classrooms Needed

The survey reflects 48 districts of the 265 responding to the question reported that they provide full-day Pre-Kindergarten classes. 281 districts of the 365 districts responding to the question, provide full-day Kindergarten classes.

The survey reflects the need for 293 additional classrooms for Kindergarten and 236 classrooms for Pre-Kindergarten.

## School Construction Grant Program

The Illinois General Assembly passed the School Construction Law (Public Act 90-548) in December 1997. To date, the School Construction Grant Program has benefited 575 school districts in every region of the state and has provided over \$4 billion in state-funded grants to help local school districts. The program emphasis is on projects that alleviate the shortage of classroom space due to population growth or aged buildings.

The School Construction Grant Program has been a successful partnership, using local and state matching funds to build 305 new schools and 3,767 renovations/additions. A list of these school districts is available at [www.cdb.gov/cdb](http://www.cdb.gov/cdb) and [www.isbe.net](http://www.isbe.net).
