Good Faith Effort

- Reasonable number of MBE/WBE/PBE/VBE
- Work selected
- Not imposing any conditions
- Engaged Fair Employment Practices (FEP)
- Attended Capital Development Board pre-bid meetings
- Provided copies of all bid solicitation letters
- Mathematical errors

GOOD FAITH EFFORT DOCUMENTATION CHECKLIST

When submitting a good faith effort response, the following documentation showing the bidder's action to rectify deficient goals for minority, women, persons with disabilities, and veteran-owned business enterprises (MBE/WBE/PBE/VBE) **must** include the following:

- 1) All information indicating why the specified goal cannot be met.
- 2) A list of all MBE/WBE/PBE/VBE firms the bidder has used in the current and prior fiscal years, if available. The fiscal year runs from July 1 until June 30.
- 3) A list of all certified MBE/WBE/PBE/VBE firms eligible to perform the work, if available. Only certified eligible firms identified by Central Management Services (CMS) will be accepted.
- 4) A clear determination that the number of certified MBE/WBE/PBE/VBE firms eligible to perform the work is insufficient to ensure adequate competition.
- 5) Demonstrated proof that the MBE/WBE/PBE/VBE firms' prices were excessive or unreasonable, if available.
- 6) A list of all MBE/WBE/PBE/VBE firms contacted, including documentation from those firms. Documentation shall include, when applicable:
 - a. A log of telephone contact including date and time of call, telephone number, name of person called, and the outcome of the call;
 - b. Copies of written or electronic email correspondence showing the date, postal or email address, name of person contacted, and subsequent correspondence that reflects the outcome.
- 7) Copies of all bid solicitation letters or electronic email correspondence to MBE/WBE/PBE/VBE firms. Letters shall contain, at a minimum:
 - a. Project title and location;
 - b. Classification of work items for which quotations are requested;
 - c. Date, time, and place quotations are due; and
 - d. Returnable acknowledgment of the solicitation.
- 8) All other evidence of good faith efforts made by the bidder to secure eligible MBE/WBE/PBE/VBE firms to meet the specified goal including documentation that demonstrates the following:
 - a. A reasonable number of MBE/WBE/PBE/VBE firms were contacted.
 - b. The work selected by the bidder for allocation to MBE/WBE/PBE/VBE firms was selected in order to increase the likelihood of achieving the specified goal.
 - c. The bidder negotiated, in good faith, with the potential MBE/WBE/PBE/VBE firms by not imposing any conditions which are not similarly imposed on all other subcontractors and suppliers, or by denying benefits ordinarily conferred on subcontractors or suppliers for the type of work for which bids were solicited, if available.
 - d. The MBE/WBE/PBE/VBE firms were not rejected as being unqualified without sound reasons based on a thorough investigation of their capabilities, if available.
 - e. The bidder engaged with Fair Employment Practices (FEP) staff for assistance in its efforts to achieve the specified participation.
 - f. The bidder attended the CDB pre-bid meeting for the project.
- 9) All actions taken to solicit MBE/WBE/PBE/VBE firms both pre-bid opening date and post-bid opening date.
- 10) A revised 00 41 05 Form if the MBE/WBE/PBE/VBE participation increases during the 10-day cure period.
- 11) Other relevant information in support of the waiver request.

FEP will consider all evidence of good faith efforts made by the bidder to secure eligible MBE/WBE/PBE/VBE firms to meet the specified goal, including, but not limited to, whether diligent efforts were made to identify and solicit eligible MBE/WBE/PBE/VBE businesses, the total number of exemptions granted during the current and prior fiscal years, and the performance of other bidders in satisfying the specified MBE/WBE/PBE/VBE participation goals. For example, when the apparent low successful bidder fails to commit to the contract goals, but other bidders commit to the goals, CDB will raise the question of whether, with additional efforts, the apparent successful bidder could have committed to the goal.

Prequalification

Two types of designations vendors will encounter at CDB:

1. Prequalification – the process that CDB uses to verify that vendors meet requirements to be able to contract directly with the CDB. Some consultants, subconsultants also may need to be prequalified. Subcontractors included with the Single-Prime must also be prequalified
2. Vendor Registration – for subcontractors, consultants and material suppliers that do not wish to be prequalified and bid directly with CDB. Subcontractors are not required to be prequalified

Both Prequalification and Registration are active for three years

Prequalification

- Firms must be prequalified the day PRIOR to bidding or providing submittals for selection
- Prequalification applications may take up to 30 days, vendors are urged to prequalify as soon as possible

Prequalification's Application

Three different types:

- Architect/Engineer
- Contractor
- Construction Manager/
Program Manager

Contractor

Prime Contractor wishing to contract directly with the CDB

Subcontractors who will perform work as a Protected Subcontractor as defined for the Single Prime Delivery method also required to Prequalify

Who Needs to be Prequalified as a Construction Manager/Program Manager?

Tier 1: Construction Managers and Program Managers with experience in projects valued at \$5 million to \$15 million

Tier 2: Construction Managers and Program Managers with experience in projects valued at a minimum of \$15 million

Prequalification's Application

Documentation associated with
the application:

- Contractor: Non-Residential Experience, Bonding Capacity, Reference
- SBE, SOS, Financial Disclosure, and licenses specifically for specialties such as Asbestos, Plumbing and Lead Abatement

Vendor Registration and Prequalification

CDB offers opportunities for firms to design, construct, and perform construction program management services on projects throughout the State of Illinois. Vendors must be prequalified prior to bidding or providing applications for selection. The processing of prequalification applications may take up to 30 days; therefore, firms are urged to prequalify now for upcoming projects associated with the Capital Bill.

Please note: Prequalification and registration are not the same. If you are currently registered as a subcontractor but intend to submit a bid for a project as a prime contractor, or as a participant on a single prime project as a designated "protected subcontractor," then you must apply for prequalification approval.

There are three types of prequalification applications. Please download the form(s) applicable to the services you wish to bid on.

- [Architect/Engineer](#)
- [Contractor](#)
- [Construction Manager/Program Manager](#)

For assistance with the prequalification process, please contact a prequalification specialist at CDB.VendorReg@illinois.gov or 217-782-2864.
