Government Advertising Spending Transparency Report
Capital Development Board
July 1, 2025 – June 30, 2026

Background:

The Government Advertising Spending Transparency Act requires each State agency to report the amount and distribution of its advertising spending to the General Assembly and post the report on its website. The report must include details on the overall amount of advertising spending, the name(s) of each advertising vendor that received contracts from the agency, the type of entity that received the advertising spending, and the general subject matter of the advertising placement.

Below are details on the most recently completed fiscal year spending for Capital Development Board (CDB).

Questions about the report can be directed to Joel Meints at Joel.Meints@illinois.gov.

FY26 Report:

Advertising Spending	Name of Vendor	Entity Type	General Subject Matter	Total Agency Advertising Spending
\$202.47	Illinois Press Association- Joliet Herald	Local News Outlet	Notice of meeting	
				\$202.47
